

# Özkaya Kings House School

## Welcome to Özkaya KHS Primary School

Dear Parents,

Thank you for your interest in Özkaya Kings House School. Choosing the right primary school for your child is one of the most important decisions you will make. For this reason, we are pleased to share how our primary programme supports children's academic, social, and emotional development.

At Özkaya KHS, we offer a carefully designed blended curriculum that combines the strengths of the **Pearson international curriculum with the requirements of the Turkish Ministry of National Education (MoNE)**. This approach ensures that our students receive a high-quality international education while maintaining a strong connection to the Turkish language, culture, and national values

## A Balanced Pearson – MoNE Curriculum

**Our primary curriculum is structured to achieve the following goals:**

- Full compliance with all MoNE requirements
- Strong foundations in both English and Turkish
- Age-appropriate, engaging, and meaningful learning experiences
- The development of confidence, curiosity, and a love of learning

Through Pearson-based lessons delivered in English and MoNE-based lessons delivered in Turkish, our students benefit from the strongest aspects of both national and international education systems.

## A Clear Educational Path: From Primary to Secondary, and On to High School

In primary school, students develop strong literacy, numeracy, and learning skills. In secondary school, this solid foundation prepares students to achieve strong results in the LGS examination at the end of Year 8. In high school, students are well equipped to successfully follow the internationally recognised Pearson IGCSE programme.

## Educating Global Citizens

We aim to raise global citizens who respect different cultures and are sensitive to global issues through global themes, international perspectives, and age-appropriate international experiences.

## Small Class Sizes and Individual Attention

Class sizes are limited to a maximum of 15 students, allowing personalised academic support and early identification of learning needs

## Expert Teaching Staff and Full-Day Support

Students are taught by experienced international teachers and supported by Turkish teachers, ensuring high academic quality and continuous guidance throughout the day

## Academic Support & SEN Inclusion

Support in English, Turkish, and Mathematics is provided through small-group and one-to-one sessions.

SEN support focuses on early identification, inclusion, and close collaboration with families.
